

THE EFFECTS OF FIRE CRACKERS.

A Poor Family Burned Out of House and Home at Hooper.

Our Farmington correspondent sends us further particulars of the recent fire at Hooper. He says: "I have just learned from relatives of Calvin Wilson, a former resident of this place, the particulars of the destruction of his home by fire in Hooper city, Weber county, on the 4th instant.

The children had some fire crackers in the early part of the day, and exploded them all, as they supposed. About 4 o'clock Mr. Wilson, who had just returned from getting the schoolhouse ready for a dance in the evening, sat down under a tree near his residence to read a newspaper. Hearing a crackling noise he looked towards the house, and saw an immense lot of smoke issuing from under the roof. He hurried up stairs and on opening the door the draft of fresh air caused the fire to ignite all the upper portion of the building.

He threw two or three articles out of the window, then ran down stairs and saved a bed and a few other household goods, but the whole structure was soon a mass of flames.

No other residences were near their place, which is surrounded by trees and willows, so only one man saw the fire and came to his assistance. His stacks and cattle sheds, about one hundred feet distant, did not take fire as there was fortunately no wind blowing.

There had been no fire used in the house that day, the cook stove being in a board kitchen some distance from the house. They think that when the firecrackers were being exploded early in the day some of the children must have carried one on fire up stairs and that the fire smoldered for hours before breaking out.

Mrs. Wilson and some of the children went to Ogden after their breakfast and three children were at home. They are not in affluent circumstance and are parents of fourteen children, thirteen of whom are living.

IT SPEAKS FOR ITSELF.

The Iowa State Register, into the mail square on the head in the following item:

"It is a pleasure to the Register to recommend an article of merit, and this is the case with Chamberlain's Cough, Cholera and Diarrhoea Remedy, as it has proven to be all that is claimed for it in many instances that have come under the writer's immediate notice, and the Register believes that every family should have a bottle of this sterling remedy at all times at their homes, as it may be necessary when least expected. Messrs. Chamberlain & Company present testimonials as to the virtue of the life-saving preparation, from nearly all of the states in the union, and many instances are given where death has been averted by its timely use. Three different epidemics are noted, in which this standard medicine has come out victorious, and this was the most successful of all the remedies employed. Too much care cannot be exercised to preserve the health of the children as well as the heads of the house, and it is always best to be prepared at all times. Arm yourself, as to be ready to successfully combat disease when it appears. For sale by Z. C. M. L. drug department.

Mother Eve.

According to Milton, the first thing Eve did after leaving Adam's side, was to survey her charms in a silver pool. No doubt she was a splendid creature, but beauty is not the heritage of all her daughters, and many of them resort to "Gou's Sulphur Soap" to obtain the dazzling complexion which Eve received from nature. The great merit of this unexcelled cosmetic is that it leaves no traces of artificiality. Beware of counterfeits. Sold by druggists. But the most brilliant complexion with gray hair would be an anomaly, and therefore this bluish tint should be removed by the use of "Hill's Instantaneous Hair Dye," which is unsurpassed alike in cheapness and the perfection of color it bestows.

Advice to Mothers.

Mrs. Winkler's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. Twenty-five cents a bottle.

ITCHING AGONIES.

Every Night I Scratched Until the Skin was Raw.

Body covered with scales like spots of mortar. An awful spectacle. Doctors useless. Cure hopeless. Entirely cured by the CUTICURA Remedies in five weeks.

I am going to tell you of the extraordinary change your CUTICURA REMEDIES performed on me. About the 1st of April I noticed some red pimples. The eruptions all over my body, but thought nothing of it until some time later on, when it began to look like spots of mortar. I scratched and which came off in layers, accompanied with itching. I would scratch every night until I was raw. Then the next night the scales, being formed, meanwhile, were scratched off again. In vain did I rub suit all the doctors in the country but without aid. After giving up all hopes of recovery, I happened to see an advertisement in the newspaper about your CUTICURA REMEDIES, and purchased them from my druggist, and obtained almost immediate relief. I began to notice that the scales gradually dropped off and disappeared one by one, and have been fully cured. I had the disease thirteen months before I began taking the CUTICURA REMEDIES, and in four or five weeks was entirely cured. My disease was eczema and psoriasis. I received them from the CUTICURA REMEDIES to all in my vicinity, and I know of a great many who have taken them, and thank me for the knowledge of them, especially mothers who have babies with scaly eruptions on their heads and bodies. I cannot express in words the thanks I owe for what the CUTICURA REMEDIES have been to me. My body was covered with scales, and I was an awful spectacle to behold. Now my skin is as fine and clear as a baby's. GEORGE COTTEY, Merrill, Wis. September 21, 1889.

Free trial. No trace of the disease from which I suffered from has shown itself since my cure. U. C.
